Social Media: Balancing Safety and Reality

Presenters: Leslie Wheeler and Kristie Bush

Social media is an interactive outlet for students, one in which they are both consumer and creator. Take part in this comprehensive look at the current social media landscape - current apps students are using, behavior causing children to reach for social media, and effects of constant screen time. The institute will review sex offender and cyberbullying laws and model appropriate and inappropriate device contact with students. Numerous tools and sites will be presented to empower schools when working with students.
